Robert,

I want to take this opportunity to thank you for all your help. We have been a customer of Cartridge on Wheels for almost a year now. While our needs are not on a large scale, you are always there for my "emergency" needs with toners for our printer. You always keep in touch and give us great service. Your product has proved to be as good as the brand name and prices competitive.

I would highly recommend you and Cartridge on wheels as an asset to any business. You don't get this kind of personalization from a catalog.

Thank you again for always being there.

Sincerely,

Dee Kashetta
